

This holiday season, host a

Blessing Tree

& bless local children in need!

Join us in hosting a blessing tree this holiday season to give back to local children in need! Bright Blessings will provide you with ornaments that will already have wish list items on them so your staff, clients/customers, church attenders, students or friends can grab an item off the tree, shop and return to you! No need to wrap! Help us bring joy, care & hope to children in need this holiday season. Contact Marissa to learn more or to set up your very own blessing tree!
